SC6000VIN Marking System

The powerful, extremely heavy-duty **Telescribe**® SC6000 is the right choice when deep, low noise marking is required. It is especially well-suited for VIN (Vehicle Identification Number) marking applications as the marker can meet the .3mm export specification.

FEATURES

- Extremely low noise marking

- Powerful, rugged marking head drive mechanism for deep scribe marking

- Driven by high torque stepper motors

- 6.5 x 1.18 in. (165.1 x 30 mm) marking window

- Especially well suited for VIN (Vehicle Identification Number) applications

- Self Contained, state-of-the-art TMC470 controller features two serial ports, USB and Ethernet ports (see page 33) and TMC600 (see page 32)

- Automatically generates serial numbers, date, time and shift codes

- Easily interfaced to PLCs (Programmable Logic Controllers) and Host Computers

- Marks a wide range of materials from soft plastics up to hardened steel

- Stores up to 400 marking patterns

OPTIONAL ACCESSORIES

- Marking head support tooling and balancers

- Panel-mount and IP/NEMA-Rated controller options

- Logo/Font design software package for design of custom fonts or logos

- PC-Based Upgrade Utility available FREE from www.telesis.com for easy software upgrade

- PC-Based Pattern Back-up Utility available FREE from www.telesis.com

Compact Self-Contained
TMC470 Controller — no PC required.
